

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

that such a road has been widened, or other improvements authorized, to survey such road, erect stakes or monuments in front of each piece of property, marking the outside lines of such road so widened or extended, and do whatever other work [may be] necessary for said improvement, as ordered by said commissioners. It shall be the duty of said commissioners to assess all claims allowed by them for the establishment and widening of said street or streets upon the property fronting on such road so improved by the foot front. All other expenses for said improvement, except building bridges and culverts, which shall be paid out of the county bridge fund, shall be paid for and assessed upon the property abutting upon said street, not, however, to a greater depth than two hundred and fifty feet, in accordance with the various provisions of law now enacted or hereafter enacted applicable thereto, and not inconsistent with this act.

Claims for establishing road to be assessed on abutting property; exceptions.

SECTION 7. In order to provide for the payment of the costs and expenses of said improvement to be assessed upon the abutting property, the commissioners may, from time to time, as such improvement progresses, issue the bonds for such road improvement, in such sums as will be required, in all to an amount not exceeding the contract price of the work and the other expenses attending the same, and interest as hereinafter provided for. Said bonds shall be issued as other bonds for road improvement are issued, but they shall bear the name of the street for whose improvement they are issued, and shall state therein that they are to be paid by an assessment upon the property abutting on the said improvement; said bonds shall extend over a period of at least eight years, and for as much longer time as may be provided in the order of said commissioners directing said improvement; they shall bear interest at a rate not exceeding six per cent. per annum, payable semi-annually, on the first day of July and January, principal and interest payable at the office of the county treasurer.

May issue bonds for cost of construction, as work progresses, in sums as may be required.

SECTION 8. The said bonds shall be negotiated at not less than par, as other bonds of said county are negotiated, and the proceeds shall be applied solely to pay for said improvement, and the proceeds thereof shall only be paid upon the certificate of the county surveyor and superintendent hereinafter provided for, that the work has been done according to the contract; when the whole work is done the amount of the bonds sold to pay for the same and the interest thereon to the next interest day, when the assessments can be collected as hereinafter provided to pay the same, shall be taken as the cost of the said improvement to be paid by the abutting property owners, and that amount shall be assessed equally by the foot front of property fronting or abutting on the said improvement.

Disposition of bonds; proceeds, how applied; manner of assessing cost on abutting property.

SECTION 9. Such assessment shall be placed upon the tax duplicate, and shall be payable in equal installments to meet said bonds, provided for in the order of said commissioners, ordering said improvement, at the county treasurer's office, with interest at the rate provided for in said bonds,

Assessment to be placed on tax duplicate.

payable semi-annually, from the date to which such semi-annual interest was computed on the amount of said bonds, or so much as remains unpaid from time to time, until all said bonds and interest are fully paid.

Lien for assessment; limitation, etc.

SECTION 10. Such assessment, with the interest accruing thereon, shall be a lien on the property abutting upon the street or roads improved from the time the contract is entered into for the making of said improvement, and shall remain a lien until fully paid, having precedence of all other liens, except taxes, and shall not be divested by any judicial sale unless the payment of the same is provided for, from the proceeds of such sale; such lien shall be limited to the depth of two hundred and fifty feet on the lands abutting on said improvement; no mistakes in the description of the property or the names of the owner or owners shall impair the said lien.

How assessments paid.

SECTION 11. Any owner of property against whom an assessment shall have been made for such improvement shall have the right to pay the same, or any part yet remaining unpaid in full, with interest thereon, to the next semi-annual payment due on said assessment; such payment shall discharge the lien on the property. If any owner shall subdivide any abutting property after such lien attaches he may discharge the same upon any part thereof in like manner.

Money received from assessments to be applied solely to interest and redemption of bonds.

SECTION 12. All moneys received from such assessments shall be appropriated by the proper authorities of the county solely to the payment of the interest and the redemption of the bonds issued for said improvement, or any part thereof. If any bond or interest shall be due and no money is in hand to pay the same, the commissioners shall be authorized to make a temporary loan to pay the same; but such lien shall continue in full force on the abutting property for the full assessments not paid and accruing interest for such temporary loan in behalf of said county.

Commissioners to appoint a board of improvement; duties, etc.

SECTION 13. When such order has been made by said commissioners for the improvement of any street under the provision of this act, they shall designate two or more owners of property abutting on said improvement who, with the county surveyor, shall constitute a board which, after the contract for the improvement has been made by the commissioners, may elect a superintendent who shall see that the said contract is performed according to the true intent, and all orders of the county surveyor in furtherance thereof are obeyed. When completed the said superintendent and surveyor shall certify to the same, and shall make a proper plat and assessment for said improvement on the abutting property. The property owners on such board shall serve without compensation, but the superintendent shall be paid such compensation as shall be agreed upon by said board, and such payments shall be a part of the costs of said improvements thereof.

As to compensation of board, etc.

Actions to enforce or enjoin assessments: manner of procedure, etc.

SECTION 14. In any action to enforce or enjoin any assessment, the court shall disregard any irregularity or defect, whether in the proceedings of the said board or commissioners, or any officer of the county, or in the plans or esti-

mates; and the acceptance of the work by the commissioners upon the certificate of the superintendent or county surveyor shall be presumptive evidence that the contract has been complied with, and the assessment exists, but if it be shown that there are any substantial defects of the improvement, or any fraud in the contract price of the work or material, the court may order such deduction therefor, from the cost of said improvement, and such deduction shall be ratably deducted from the assessment on all the property abutting on said improvement, and the court may make such order in regard to the costs, where such substantial defect or fraud is found, as to the court shall seem proper.

SECTION 15. The term owner, in this act, shall be construed to include all corporations, private, public, state or municipal.

"Owner" defined.

SECTION 16. On the completion of the improvement of any road or street under the provisions of this act, the commissioners shall appoint a board of control for said roadway, to consist of three of the property owners of the lands abutting upon said improvement, who shall serve without compensation, and have charge of the repairs and condition of said improved road. Said board shall be appointed to serve two years, or until their successors are duly appointed and qualified. Said commissioners shall fill any vacancy that may occur in said board by an appointment for such unexpired term. Said board shall see that said improved roadway is kept clean and in good repair, and all expenses incurred by said board in such work shall be by them returned to the auditor of the county in a written report of said board, to-wit: On the first Tuesday of January, of each year, together with an itemized statement of the expenses incurred by said board, which sum, if deemed correct and proper by said auditor, shall be by him assessed per foot front on all property abutting on said improvement; such assessment, until paid, shall be a lien, as other expenses of making said improved road.

Board of control: duties, etc.

SECTION 17. In no case shall said commissioners take action for the improvement of any road under the provisions of this act, until after they shall have made a personal inspection and examination of the line of said proposed improvement, and are satisfied that with such improvement the foot frontage of the lands abutting thereon will be well worth double the estimated expenses of such improvement, which inspection, examination and estimate, together with their present valuation per foot front of said lands, shall be by said commissioners made a matter of record, and no improvement shall be by them ordered, unless said record justifies it. The improvement of all streets under the provisions of this act shall be by said commissioners let to the lowest and best bidder, after two weeks' notice by said commissioners of said letting, published in some newspaper of general circulation in the vicinity of said proposed improvement. The said commissioners shall establish rules for letting of such contracts, which rules shall be printed and posted in the office of said commissioners.

Commissioners to examine line of proposed improvement before ordering to be made.

Contract to be advertised and let to lowest bidder.

Sec. 5997. If the executor is residuary legatee, he may, instead of the bond prescribed in the preceding section, give bond in a sum and with two or more sureties to the satisfaction of the court with condition to pay all the debts and legacies of the testator, and to pay over said estate to the persons entitled thereto, in case the will be at any time set aside; but the executor shall not be liable for legacies paid to legatees other than himself, after eighteen months from the probating of the will and before an action to set the same aside has been commenced; the legatee, however, shall be liable to repay the legacy and interest thereon if the will be set aside.

Sec. 6023. Every executor or administrator shall, within three months after his appointment, make and return upon oath, into court, a true inventory of all the goods, chattels, moneys, rights and credits of the deceased, which are by law to be administered, and which shall have come to his possession or knowledge; but if the probable value thereof be less than one hundred dollars the court may direct the same to be omitted, provided, that if his predecessors have so done, an administrator de bonis non shall not be required to return and file an inventory, unless, in the opinion of the probate court the same is necessary. Sec. 2926b. In all such cities of the first and second class a "board of elections," to consist of four electors of such city, of well-known intelligence and integrity, two of whom shall belong to each of the two leading political parties, shall be appointed by the mayor. No person shall be appointed, or be a member of such board, who holds an office under the United States, the state of Ohio, except notaries public, or of such cities, or the county in which such city is situated, or who is employed in any department of such city or county, or by any officer of such city or county; and all votes cast at any election for any person who is, or, within three months next preceding such election, has been a member of such board, shall be absolutely void. To authorize cities of the first class, second grade, upon recommendation of the board of improvements, to cause the paving of avenues and streets, and to issue bonds therefor.

SECTION 1. *Be it enacted by the General Assembly of the State of Ohio,* That in cities of the second grade of the first class, the city councils shall have authority, upon recommendation of the board of improvements, to cause any of the streets, avenues, alleys or parts thereof of such city, to be paved with stone or other permanent material, and wherever needed in connection therewith to grade, curb and gutter such streets, avenues or alleys, and to ordain that said improvements shall be paid for and assessed upon the property abutting on the same in accordance with the various provisions of this act, and in accordance with the various provisions of law now enacted or hereafter enacted applicable thereto and not inconsistent with this act.

Authorizing councils of certain cities to order the paving with permanent material of streets, etc.

SECTION 2. In order to provide for the payment of the costs and expenses of said improvements to be assessed on the abutting property, the councils may, from time to time (as such improvement progresses), issue the bonds of such cities in such sums as will be required, in all to an amount not exceeding the contract price of the work and the other expenses attending the same, and interest as hereinafter provided for; said bonds shall be issued as other bonds of such cities are issued, but they shall bear the name of the street or avenue or alley to whose improvement they are issued, and shall state therein that they are to be paid by an assessment upon the property abutting on the said improvement; said bonds shall extend a period of at least eight years, to be provided for in the ordinance directing the improvement; they shall bear interest at a rate not exceeding six per cent. per annum, payable semi-annually, on the first day of July and January, and principal and interest payable at the office of the city treasurer.

Payment of assessments.

SECTION 4. Such assessment shall be placed upon the tax duplicate, and shall be payable in equal installments to meet said bonds provided for in the ordinance ordering said improvement at the county treasurer's office, with interest at the rate provided in said bonds, payable semi-annually, from the date to which such semi-annual interest was computed, on the amount of said bonds, or so much as remains unpaid, from time to time, until all said bonds and interest are fully paid.

Assessments to be a lien upon the property.

SECTION 5. Such assessments, with the interest accruing thereon, shall be a lien on the property abutting on the street, avenue, or alley, from the time the contract is entered into for the making of said improvement, and shall remain a lien until fully paid, having precedence of all other liens except taxes, and shall not be divested by any judicial sale unless the payment of the same is provided for from the proceeds of such sale; provided, such lien shall be limited to the usual depth of the lots or lands abutting on said improvement. When such improvement shall be completed to the acceptance of the board of improvement[s] and the city engineer, the same shall be certified by such board and engineer, and thereupon the city engineer and city auditor shall make a proper plat and assessment for said improvement on the abutting property.

Lack of formality not to vitiate lien.

and the acceptance of the work by the board of improvements upon the certificate of the city engineer shall be presumptive evidence that the contract has been complied with, and the assessment exists; but if it be shown that there is any substantial defect of the improvement, or any fraud in the contract price of the work or materials, the court shall order such deduction therefor, from the cost of said improvement, and such deduction shall be ratably deducted from the assessments on all the property abutting on said improvement, and the court may make such order in regard to the costs, where such substantial defect or fraud is found, as to the court shall seem proper.

SECTION 9. The rate of tax so fixed by said township trustees shall not apply or be assessed or collected from the property included within the limits of any incorporated village within such township, and such taxes shall be expended within the township outside of said villages. And, provided, that after the roads in said township shall have been graded and macadamized the property in said township shall be exempt from any levy by the commissioners of said county for the purposes of constructing and improving roads.

To authorize the trustees of Liberty township, in Van Wert county, Ohio, to levy taxes to improve public highways in said township.

SECTION 1. *Be it enacted by the General Assembly of the State of Ohio,* That the trustees of the township of Liberty, in the county of Van Wert, in the state of Ohio, be and are hereby authorized to levy and assess upon the taxable property of their respective township, a tax not exceeding 4 mills in any one year, upon the dollar valuation of the taxable property of said township, in addition to other taxes authorized by law, for the purpose of improving, by macadamizing and graveling, the public highways in said township, as may be deemed expedient or necessary by the board of trustees of said township, and for no other purpose.

SECTION 2. That the taxes authorized to be levied shall be placed by the county auditor upon the taxable property of the township and collected by the county treasurer as other taxes, and when collected, shall be paid to the township treasurer of the township from which the same was collected, and be under the control of the township trustees thereof, for the purpose of improving, by macadamizing and graveling, the public highways.

SECTION 3. The board of trustees shall, upon the levy being made, designate the roads to be improved, which shall be, first, the main and leading roads of the township, and upon which the material can be most easily procured. The board of trustees, after having determined which roads are to be improved, shall examine such roads and ascertain if the proposed roads are sufficiently graded and drained, and if such be not the case, they may take to their assistance a competent surveyor or engineer, whose duty it shall be to make, under the direction of the board of trustees, a survey and level of the roads so selected, fix the grade of the road, and the grade and capacity of the drains on the sides thereof. The trustees shall cause to be constructed, all necessary culverts on such roads, fix the width of the graveled or macadamized track, not less than nine feet, nor more than sixteen feet, and the depth thereof not less than eight inches nor more than twelve inches, in the center and the slope from the center to the sides. The trustees may consolidate the road districts through which any such proposed road improvement passes, and direct the supervisors of such road district to work the two days' labor in such district in hauling the material, such as crushed stone, or gravel upon such road. The work of hauling the material upon the road in such road district shall

under the supervision of the supervisor of such district, but be performed in such manner as shall be prescribed by the trustees.

SECTION 4. A majority of the board of trustees shall be necessary to order the said road improvement, and the work of the construction and the furnishing of the material, for such road improvement, shall be publicly let, excepting such work as may be done by the supervisors of the road district as herein provided. The contracts for material to be used in the construction of said road improvement and the contracts for hauling said material upon the roads, shall be let separately.

SECTION 5. The trustees, after having given public notice of the time and place of such letting, for at least two weeks, in a newspaper of general circulation in the township or county, or by hand bills, or both, at the discretion of the board of trustees, specifying the kind and quality of the material, and the part of the road upon which the same is to be used, shall let the same to the lowest bidder, who shall give bond to the acceptance of the trustees. The bids for the material and for the work of hauling the same shall be separately stated, and the trustees may reject any or all bids. The trustees shall examine and accept the work when completed, and ascertain the amount of material furnished under the provisions of this act, and if found in all respects correct, shall draw an order for the amount due for work, or for material furnished, upon the township treasurer, which shall be countersigned by the township clerk.

SECTION 6. The board of trustees may appoint one of their number, or some other suitable person, who shall oversee the work, and for services rendered under the provisions of this act, they shall be entitled to receive for each day actually employed, the sum of one dollar and fifty cents per day. And the trustees shall provide for the township clerk a suitable book in which there shall be kept a complete record of the business transacted under the provisions of this act, and it is hereby made his duty to keep a full and complete record of the action of the board of trustees under this act, and the township clerk, for making said record, shall be entitled to receive ten cents per hundred words, and for all other services such reasonable compensation as may be allowed by the board of trustees.

SECTION 7. The fees of the township officers, the engineer, and the person who may be appointed by the board of trustees under the provisions of this act, shall be paid out of the township road fund. But before any payments shall be made for services rendered under the provisions of this act, the person entitled thereto shall make out and file with the township clerk an itemized account of said services, whereupon the trustees shall, if they find the same correct, draw an order on the township treasurer, countersigned by the township clerk.

SECTION 8. The roads graveled or macadamized under the provisions of this act shall be free to the public travel, and shall be kept in repair by the trustees, out of the funds that come into the township treasury from the county treasurer, as provided for in section one thousand four hundred and fifty-nine (1459) of the Revised Statutes of Ohio.

SECTION 9. The question of levying said tax shall be submitted to a vote of the qualified electors of said township at the regular election to be held on the second Tuesday after the first Monday of November, A. D. 1890, at the usual place of holding elections in said township of which at least ten days' notice shall be given by posting notices in not less than five conspicuous places in said township and at such election the ballots to be voted shall have written or printed thereon the words: "Road

SECTION 10. And provided that after the trustees of said township have made the levy, commenced and continue to improve the public highway as herein provided the property in said township shall be exempt from any levy by the commissioners of said county for the purpose of contracting [constructing], maintaining or improving roads.

SECTION 2. The cost and expense of said improvement, together with the interest on any bonds issued by the commissioners for the same, shall be assessed upon and collected from the owners of the lots and lands situated within one mile on each side thereof, and from the lots and lands within one mile on each side thereof, in proportion to the benefits which may result from said improvement to said lots and lands.

SECTION 3. The said commissioners shall immediately appoint three (3) disinterested freeholders of the county as viewers, and a competent surveyor. The commissioners shall forthwith notify the viewers and surveyor of the time and place of their meeting to make the view, and shall also give notice by publication in a newspaper printed in the county, for three consecutive weeks prior to the meeting, which notice shall state the time and place of the meeting, the kind of improvement to be made, the place of the beginning of said improvement, the place of termination and the route thereof.

SECTION 4. The viewers shall proceed to assess and determine the damages sustained by any person through whose premises the improvement is to be made; but they shall not be required to assess damages to any person except minors, idiots or lunatics in consequence of the appropriation of any private property in the making of the improvement, unless the owner thereof, or his agent, file a written application with the viewers prior to the time of meeting, giving a description of the premises on which damages are claimed by them; and all applications for damages shall be read unless they are presented as herein required. And any person feeling aggrieved by the assessment of damages made may demand of the commissioners to have the same assessed by a jury, in which case the same may appeal to the probate court of the county, and the same

Before adopting the assessment so made and reported, the said commissioners shall publish notice for three weeks consecutively, in some newspaper of general circulation in the county that such assessment has been made, and that the same is on file in the office of the commissioners for inspection, and if no objections are filed within two weeks after the expiration of said notice the commissioners may confirm the same. They shall report their action to said commissioners, who shall have power to confirm the same, or to set the same aside and cause a new equalizing board to be appointed, with like power and qualifications. When said assessment is confirmed by the county commissioners the same shall be final. The members of said assessing and equalizing boards shall, before entering upon their duties, take an oath before a proper officer to faithfully, honestly and impartially discharge their duties in making or equalizing said assessment, and in either case a majority of the board shall have power to determine any question or matter before them. The equalizing board, or any of its members, shall have power to administer oaths to witnesses, and said board shall hear any testimony for or against parties filing exceptions as aforesaid.

SECTION 7. For the purpose of raising the money necessary to meet the expense of the improvement, the commissioners of the county are hereby authorized and directed to issue bonds of the county, payable in installments or at intervals not exceeding in all the period of ten years bearing interest at the rate not to exceed six per cent. per annum, payable semi-annually, which bonds shall not be sold for less than their par value. The assessment shall be divided in such manner as to meet the payment of principal and interest of the bonds, be placed upon the duplicate for taxation against the lands assessed, and collected in the same manner as other taxes, and when collected the money arising therefrom shall be

applied for no other purpose except for the payment of the bonds and interest. If it be ascertained by the county auditor that the assessments on land upon the duplicate are not sufficient to pay for the construction of said improvement, he shall add to the assessments, pro rata, the amount that the actual expense is found to be more than the assessments on the duplicate, and the additional assessments shall be placed upon the same duplicate with previous assessments for the construction of the improvement, and shall be collected in like manner.

SECTION 8. Any person interested in the appropriation of private lands for the construction of said improvement, may at any time after the confirmation of the assessment by the commissioners, or before or after application to the court, execute his bond payable to the state of Ohio, to be approved by the county commissioners and to be accepted by them, conditioned for the payment of all damages which may be assessed by the jury, and such bond shall be good in law; and if such bondsmen pay or deposit according to the order of the court, then the avenue and improvement herein provided for shall be opened, or the county commissioners may, at their discretion, make such payment or deposit and collect by law the amount of damages of such bondsmen, with or without costs, as the court may direct.

SECTION 9. The commissioners are hereby authorized and directed to begin forthwith the making of said improvement, with full authority to contract the same at any time after the passage of this act.

To provide for acquiring land and building an armory in the county of Lucas, for the use of the Ohio national guard, and to create a fund to pay for the same.

SECTION 1. *Be it enacted by the General Assembly of the State of Ohio*, That the governor shall appoint a board of trustees composed of five citizens of Lucas county, to erect, complete and furnish a new armory building for the use of the resident Ohio national guard in said county, and upon such lands as may be selected by the county commissioners and the inspector of armories, as provided for in section 3085 of the Revised Statutes, and said county commissioners are hereby authorized to acquire by purchase or condemnation suitable lands for an armory site. The aggregate amount to be expended therefor shall not exceed ten thousand dollars of the amount hereinafter provided for. Said trustees shall receive no compensation, but shall be entitled to be repaid their necessary expenses in attending to their duties. All vacancies in the office of trustees shall be filled in the same manner as the original appointment. Provided that said appointments shall not be made, or the bonds hereinafter provided for issued or sold, until the question of the issue and sale of said bonds shall have first been submitted to the qualified electors of said county, at a general or special election to be held for said purpose within one year from the date of the passage of this act; which said election shall be held and conducted in all respects as other elections are held, and of which at least 30 days' notice shall have been given by publication, providing for what purposes said election is held, in not less than two newspapers of opposite politics printed and of general circulation in said county; and further provided, that a majority of the votes cast at said election, shall be in favor of the issue and sale of such bonds. Those voting upon said proposition shall have written or printed upon their ballots, the words following, to-wit: Those voting in favor of such proposition "For the issue and sale of armory bonds—Yes," and those voting against such proposition, "For the issue and sale of armory bonds—No."

SECTION 2. That said board shall be known as "the board of Lucas county armory trustees," and shall appoint from their number a chairman, and shall hold regular meetings at such times and places as they may agree upon, and special meetings under such regulations as they may prescribe, and shall cause to be kept a full record of their proceedings.

SECTION 3. That said trustees shall have power to appoint a clerk, an architect, a superintendent and other necessary employes, fix their compensation, and adopt a suitable plan for such armory, subject to the approval of the inspector of armories, as provided for in section 3085 of the Revised Statutes, and to make all contracts for erecting, completing and furnishing the same; and no contract which they may enter into, or alteration or modification thereof, shall be valid until assented to at a regular or special meeting, and concurred in by a majority of the members, and such assent entered on the minutes of their proceedings.

SECTION 4. That no money shall be expended on account of said armory building unless first authorized by said trustees, and upon warrant signed by the chairman and clerk, to be paid by the county treasurer out of the fund hereinafter provided for; and no trustee or person holding any appointment from said board shall be interested, directly or indirectly, in any contract concerning said armory building.

SECTION 5. That said trustees shall, before entering into any contract in respect to said armory building, cause plans and specifications, detailed drawings, and forms of bids to be prepared, and when adopted by them, they may, at their discretion, cause the plans and drawings to be lithographed, and the specifications and forms of bids, contracts and bonds to be prepared, and have the same printed for distribution among the bidders.

SECTION 6. That all contracts shall be made in writing in the name of the board, for and on behalf of said county, and signed by the chairman and clerk of said board and by the contractor. When it becomes necessary, in the opinion of said board in the prosecution of the work, to make alterations and modifications in the contract, such alterations or modifications shall only be made by order of the board, and such orders shall be of no effect until the price to be paid for the work or materials under such altered or modified contract has been agreed upon in writing and signed by the contractor and the chairman and clerk of said board; and no contractor shall be allowed to recover anything for extra work or materials caused by any alteration or modification, unless an order is made or an agreement signed as aforesaid, nor shall he in any case be allowed to recover more for such work or materials than said agreed price.

SECTION 7. That if a contract, agreement or order made or authorized by said board be found to violate any of the provisions of this act, it shall at once become void and of no effect, and no money be paid or recovered for services rendered or material furnished thereunder.

SECTION 8. That said board shall not enter into any contract for work in the erection or completion of such armory building without first causing fifteen days' notice to be given in one or more newspapers of general circulation in such county, that sealed proposals will be received for doing the work or furnishing the materials; provided, that said board may procure plans therefor in the manner above indicated, and shall not be required to advertise for bids for making or printing the drawings, specifications and forms of bids, contracts and bonds.

SECTION 9. That each bid shall be accompanied with a bond, signed by sufficient sureties, for the acceptance of the contract if awarded by the board, or in case of a refusal by the bidder to enter into a contract according to his bid, within such reasonable time as the board may determine, said bond shall be put in suit, and the amount collected paid into the fund hereinafter mentioned.

SECTION 10. That all bids shall be enclosed in a sealed envelope and deposited with the clerk of said board; and such sealed envelope shall have indorsed thereon the nature of the same, and all bids shall be opened at a regular meeting of the board.

SECTION 11. That said board shall enter into contracts with the lowest and best bidder, upon his giving bond to the state of Ohio, for the use of Lucas county with such sureties as the board shall approve, that he will perform the work and furnish the materials in accordance with his contract, and on failure of such bidder, within a reasonable time, to be fixed by the board, to enter into bond with his sureties before provided, a contract may be made with the next lowest and best bidder, and so on until a contract is effected by a contractor giving bond as aforesaid; provided, that the board may let the work in whole or in part, and may reject any and all bids.

SECTION 12. To provide a fund to pay the cost and expense of lands acquired, and of the erection, completion and furnishing of said armory

building under this act, and to be called "the Lucas county land and armory construction fund," the commissioners of said county shall, forthwith, upon receiving orders from said board of trustees, certified by its chairman and clerk, and from time to time, and as often as said board think necessary, issue the bonds of such county to an amount not to exceed in the aggregate sixty thousand dollars (\$60,000). Said bonds shall be issued and bear interest at such rate not to exceed four and one-half per centum per annum, payable semi-annually, as such county commissioners shall determine, in the words and manner prescribed by sections 871 and 872 of the Revised Statutes, and the act passed March 22, 1883, entitled "an act providing for the sale of public bonds" (80 O. L., 68); provided, however, that said bonds shall be issued with coupons or registered, due in fifty years, and redeemable in thirty years from date.

SECTION 13. That the commissioners of said county shall annually, at their June session levy such amount of taxes as will pay the interest on such indebtedness and create a sinking fund sufficient to redeem the same at maturity, not exceeding for said sinking fund two per centum per annum on the total indebtedness. And if the commissioners refuse or neglect to levy such taxes regularly, as herein provided, the county auditor shall levy such taxes upon the taxable property of the county, and place the same upon the tax list; and all the taxes levied and collected under this act shall be applied to the specific object for which they are levied, and to no other. The money arising from the sale of said bonds shall be placed in the county treasury, to be called "the Lucas county land and armory construction fund," and all warrants drawn upon the treasury for payment out of said fund shall designate on the face "for purchase of land," or "for erection and completion," or "for furnishing," according as they are drawn for one purpose or the other. And if, upon the completion of the work, under the provisions of this act, an unexpended balance of the fund shall remain in the county treasury, such balance shall immediately be placed and kept to the credit of the sinking fund provided for by this act; and no part of said sinking fund shall be transferred or applied for any other purposes, but the same shall be invested and preserved in bonds of said county, of the state of Ohio, or the city of Toledo.

SECTION 14. That said trustees shall not be individually responsible to any contractor upon any contract made in pursuance of this act, nor to any person on any claims occasioned by an act or default of any person contracted with, or employed by, them in pursuance of this act. But any of said trustees may be removed summarily by the governor for misconduct in office or neglect of duty.

SECTION 15. That immediately upon the appointment and qualification of said trustees, the commissioners of said county shall deliver to said board of trustees the possession and control of any lands acquired by the county as an armory site, to be held by them until the completion of said armory building, when they shall surrender the same to said county commissioners, together with an itemized amount [account] of all receipts and expenditures made under this act, and transmit a copy of the same to the governor of Ohio.

JOINT RESOLUTION

Relative to the death of the Hon. Geo. H. Pendleton.

Be it enacted [resolved] by the General Assembly of the State of Ohio, That this general assembly, hereby voicing the sentiments of the people of Ohio, without regard to political differences, expresses deep regret at the recent death of George Hunt Pendleton at Brussels in Belgium, while on his attempted return to this his native state, after an honorable service of four years as minister to Berlin. Whether as a member of the legislature of Ohio, as a representative or senator in the congress of the United States, as the candidate of his political party for the vice-presidency, or favored by the majority of the delegates of that party for the presidency, or in the diplomatic service of the country, he filled every position with perfect integrity of character and with distinguished ability. Broad and liberal minded in all his views, careful and zealous in the performance of every duty, he leaves behind him the affectionate regard and respect of

the people, and a brilliant and unspotted record of emulation by the best citizen. This general assembly places this resolution on its journals, not as an honor to the deceased whose entire life speaks for him, but to honor ourselves in showing appreciation for an exalted character, a great and noble man, forever, save in the recollection of his virtues, lost to the republic.

JOINT RESOLUTION

Relative to the instructing our senators and requesting our representatives in congress from Ohio to use all honorable means to secure the passage of S. B. No. 2.

WHEREAS, The right of suffrage is fundamental, sacred and a vital safe-guard of the liberties of every American citizen, and to exercise such right, free from undue and arbitrary control, is necessary to the preservation of a republican form of government; and

WHEREAS, The republican party by virtue of the power of holding control of both branches of congress and the executive is now seeking to interfere with the right of the people to control their own election, by placing the election of members of congress under control of the federal administration as is plainly visible by the provisions of senate bill No. 2 introduced by Hon. John Sherman; and

WHEREAS, Such federal control is not in the interest of securing purer elections as is pretended, but in fact for the purpose of controlling by federal power the election of members of congress as was done in the southern states during the corrupt reconstruction period following the war; therefore,

Be it resolved, That we view with alarm the attempt of the present federal administration to obtain a continuance of power by the strong arm of the federal government. The present republican administration being rebuked in its high protection theories in the northern states, now seeks to accomplish by force, what, by an appeal to reason would be refused by the people. Such control of congressional elections as proposed by said senate bill, is intended to abridge the right of the people to control their own affairs, would be dangerous to the liberties of the people, would engender a spirit of contempt for our free institutions, is arbitrary in its nature and is a usurpation which can not, and will not be sanctioned by any true American citizen; therefore,

Be it further resolved, That we appeal to all members of congress regardless of party, to protect the rights of all citizens of this union in this sacred privilege of home rule and a free and untrammelled ballot, and therefore defeat said senate bill and all like legislation.
